Portfolio Link

Software Developer with expertise in **JavaScript, TypeScript, Angular, React JS, Node JS, and Laravel**, building scalable, user-friendly applications.

EXPERIENCE

Software Developer | *Brain Technosys, Noida*

January 2024 – February 2025

Jr. Software Developer

August 2024 – February 2025

- Developed **PMS (Project Management System)**, a **full-stack Laravel application** with **role-based access**, **daily status reports**, **task management** and deadline tracking, reducing project turnaround time by **30%** and enhancing project collaboration and workflow management.
- Developed the frontend for a **CI/CD document management system**, a customizable **multi domain site** using **Angular, Material**, and **AES encryption**. Designed admin functionality **to create and manage custom loan service domains** and a **role-based modules**.

Enabled seamless integration of new customer sites through an admin portal, implemented **Jest tests**, and monitored **Azure environments** to ensure production reliability.

Software Developer Trainee

January 2024 – August 2024

- Enhanced the company's **Lead Management System** by optimizing **functionalities**, such as custom lead filtering, detailed activity logs, and performance metrics tracking, improving **operational efficiency** and enhancing the overall **user experience** for business stakeholders.
- Strengthened Laravel skills by building multiple projects, including CRUD applications and integrating third-party services like Firebase for real-time notifications and authentication.

PROJECTS

JobAng | *React JS, Express, Node JS, MongoDB*

December 2024

- Built a responsive **job career portal** for freshers, with **role-based access** for candidates, recruiters, and admins.
- Designed features like job search with **filtering/sorting**, **real-time application tracking**, and personalized job recommendations.
- Integrated **JWT-based authentication** and optimized backend APIs for better performance and security.

ClassyShop | *Laravel, JavaScript, MySQL*

April 2024

- Designed and built a fully functional **e-commerce platform** from the ground up, complete with secure **user** and **admin** sections.
- Admin dashboard enables user, product, and sub-product management, while users can browse products, add items to a **dynamic cart**, and track selections.

TECHNICAL KNOWLEDGE

Languages: TypeScript, JavaScript, Java

Frameworks / Libraries: Angular, React JS, Node JS, Laravel

Database / Tools: MySQL, Azure, Git/GitHub

Testing / APIs: Jest, REST APIs

EDUCATION

Master of Computer Application (MCA)

2022 – 2024

KIET GROUP OF INSTITUTIONS

Delhi-NCR, Ghaziabad, Uttar Pradesh

Bachelor of Computer Application (BCA)

2019 – 2022

SCHOOL OF MANAGEMENT SCIENCES

Lucknow, Uttar Pradesh
