## Education

### KIET GROUP OF INSTITUTIONS

*Master of Computer Application*

**November 2022 – August 2024**

*Delhi-NCR, Ghaziabad, Uttar Pradesh*

### SCHOOL OF MANAGEMENT SCIENCES

*Bachelor of Computer Application*

**August 2019 – August 2022**

*Lucknow, Uttar Pradesh*

## Technical Skills

**Languages:** TypeScript, JavaScript, Java

**Libraries/Frameworks:** Angular, RxJS, Bootstrap, Angular Material

**Other:** Version Control (Git/GitHub), Unit Testing (Jest)

**Links:** [GitHub](#), [Portfolio](#), [LeetCode](#), [GeeksForGeeks](#),

## Internship

### BRAIN TECHNOSYS PVT. LTD.

*Software Developer Trainee*

**January 2024 – August 2024**

*Noida, Uttar Pradesh*

- Worked on a live project named Sentrdocs using Angular, covered unit test cases with Jest and added features.
- Enhanced the Sentrdocs application by implementing robust error handling and improving performance, leading to a smoother user experience.
- Developed an ecommerce website from scratch using Laravel, managing the project from conception to completion.

### AICTE CISCO

*Cyber Security Virtual Intern*

**July 2023 – August 2023**

*Remote*

- Focused on securing networks and data, gaining proficiency in cybersecurity tools and techniques.
- Successfully completed an assignment involving the creation of a Packet Tracer network for campus, demonstrating practical knowledge of network security principles.

## Projects

### SENTRIDOCs | *Angular v16, .NET*

**June 2024 – Present**

- Optimized data flow and binding, resolved API data fetching issues, and enhanced mobile user experience by implementing features like file upload and camera integration.
- Added features to improve user interaction and functionality, resulting in a more seamless and intuitive application experience.

### LEAD MANAGEMENT | *Laravel, JavaScript*

**April 2024 – June 2024**

- Developed advanced filtering capabilities for multiple conditions on the same page using AJAX, and implemented a CSV export function to streamline data management.
- Enhanced overall user experience by reducing data errors and improving interface responsiveness, leading to increased efficiency and satisfaction.

### E-SHOPPERS | *Laravel, JavaScript, MySQL*

**February 2024 – April 2024**

- Engineered a full-scale e-commerce platform from the ground up, managing both admin and user functionalities, including secure transaction processing.
- Ensured seamless operations by integrating comprehensive features for inventory management, order processing, and customer engagement.

## Achievement / Extracurricular

- Participated in Ideathon 2023 at KIET Group Of Institutions, Delhi - NCR, Ghaziabad.
- Participated in the Flash Fiction event in Chaitanya-2022 at KIET Group of Institutions, Delhi - NCR, Ghaziabad.

## Certifications

- Explore Web Development with Angular by LinkedIn Learning
- TypeScript Essential Training by LinkedIn Learning
- JavaScript Essential Training by LinkedIn Learning
- The Complete Front-End Web Development Course by Udemy.
